

# A New Generation of Separator Alarms from Afriso: ASA

**Arlöv, 2024-05-14** – Afriso Ema, a leading provider of solutions for measurement, monitoring, and control, proudly presents the new generation of separator alarms: ASA. This innovative series of separator alarms is designed to take the monitoring of oil and grease separators to a whole new level.

## Take Things to the Next Level with Afriso

The ASA series offers a range of advanced features that make it ideal for various applications and environments. With multiple power options, display options, and the ability for remote monitoring via a built-in IoT gateway, ASA is one of the most flexible and user-friendly solutions on the market.

### Key Features and Benefits:

- **Power Options:** Choose between mains voltage, solar cell, or battery, depending on your specific needs and installation site.
- **Display Options:** Available in both LCD and LED versions to suit different preferences and environments.
- **Remote Monitoring:** Built-in IoT Gateway allows communication with Afriso Cloud, providing real-time monitoring and alerts directly to your device.
- **Easy Installation:** Equipped with digital, polarity-free measuring and on/off sensors for smooth and quick installation.

### Product Specifications:

- **ASA-01:** EX-rated grease and oil separator alarm with built-in IoT gateway and measuring sensors. Perfect for advanced monitoring and reporting.
- **ASA-02:** EX-rated grease and oil separator alarm with status LEDs and on/off sensors. A simple yet effective solution for basic monitoring.
- **ASA-03:** EX-rated grease and oil separator alarm with LCD display and on/off sensors. Provides a clear visual presentation of system status.
- **ASA-04:** EX-rated grease and oil separator alarm for 12 VDC operation, suitable for solar panel power. Ideal for eco-friendly installations.
- **ASA-05:** EX-rated grease and oil separator alarm with battery power. Perfect for installations in locations without mains voltage.

### About Afriso

Founded in 1869, Afriso is a leader in the development and manufacturing of measurement, control, and monitoring technology. The company offers a wide range of products for industrial and commercial applications, focusing on quality, innovation, and sustainability. Afriso Ema is a wholly owned subsidiary that was founded in Sweden in 1971.
